Adult class schedule

February 1st to June 19th 2010

FIRST YEAR Level 1: 0 to 2 years high school, 1 college semester (Beginner)

At a beginning level, new information must be presented clearly in an organized manner and repeated and practiced often. Our teachers encourage your questions and are happy to re-teach until you feel comfortable. Comfortable and successful students accelerate! We apply our 15 years of experience to create mini-conversational opportunities so students can orally practice *just what they know*. You are never out of your depth. We know what it takes for a successful beginning class, a relaxed, social atmosphere, effective practice activities and empathetic teachers. You will be impressed with how well you and your fellow students can converse when you have completed the first year *85% immersion*

SECOND YEAR Level 2: 4 years high school, 2+ college semesters (Low intermediate)

Our commitment to conversational practice continues in the second year. By the end of level 2, find yourself quite confidently discussing with a fellow student something you saw on the news ó entirely in a foreign language! More and more opportunities are provided for you to simply, òmake yourself understoodò or in other words, apply, as creatively as you can, the structures and vocabulary you are learning in the textbook curriculum. Powerful techniques such as, SFòs “*No English Spoken*” are introduced. This technique gets students comfortable using the language they have in contexts ó just like in real life! *90% immersion*

THIRD & FOURTH YEAR Level 3/4: 4+ college semesters (Intermediate)

Rollicking conversations, jokes and debates led by our passionate teachers characterize the end of level 3. The advanced grammar you study in the textbook are applied in increasingly challenging strategies and techniques that encourage you to begin to òthinkò in a foreign language. After participating in these activities, students find language lows from their brain to their tongues more automatically. It takes surprising little time to dredge up old language experiences. If you are a rusty intermediate speaker, this is the course to bring it all back! *95% immersion*

FIFTH YEAR Level Adv:

Speaking like a native is the goal of our advanced levels. These are very social classes where students become friends and use foreign language to interact socially. The native speaking teacher acts as a facilitator, correcting, teaching mini lessons and providing material for interesting and provoking conversations that demand ore advanced constructions from students. Classes meet weekly for conversation and often form a òlunch clubò. Perfect for students who have lived in a foreign county but did not reach native-like fluency or have 5 years of college or more. *100% immersion*
